90 degrees bend for 34 mm cable protection system. Designed to be used with ABB's innovative M-clamp for easy and fast installation, which results more sleek cable protection without any visible clamps. Additionally, system includes 1200 mm long straight M-cover and end piece M-end. Cable protections are coated with Magnelis®. It is an exceptional metallic coating which provides a breakthrough in corrosion protection and is the best choice for a wide variety of applications.
