
Protective cover

Protective cover for potential equalizer bars

Tyyppi: PMR576

Tuotekoodi: 2TKA110010G1

GTIN: 6410019130973

In surface mounting, a cover is used to protect AM4 and AM5. The cover has provisions for the conductors to fit to the bar's spacing and it is fixed on the wall with two screws.
