Conduit end piece, flexible

Ø 20 mm, flexible

Type: AJF5.20

Product ID: 2TKA00004194

GTIN: 6438199008134

The flexible conduit end piece AJF5.20 is primarily used for termination of plastic conduits in concrete casting, but it can also be used in many other applications, for example, as a flexible conduit extension, when going around rebars in concrete elements or cast-in-situ structures.
The other end of the product is color coded to black, indicating that the conduit is connected to electric box at back surface of the wall element.
The trunking is continued with a conduit of the same size.
A red plug is supplied with each conduit end piece (only in other side).
The plug protects the conduit from dirt, concrete and foreign particles.
Made of halogen free material (IEC/61249-2-21. Pipe: DIN VDE V 0604-2-100:2019 / DIN EN 50642)

Technical specification

Dimensions

For plastic pipe:	Ø20mm

Packing

Package:	40
Unit:	PCS

ETIM Data

ETIM Version:	ETIM-9.0
