Mounting box

for 12-13/24-26 mm board

Type: AU67

Product ID: 2TKA001746G1

GTIN: 6418677332340

FI CE S S BVB IP44
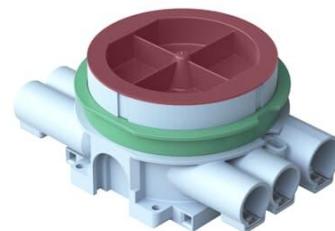

The mounting box has a rotating ring for adjusting the screw holes for device installation in optimal angle and screw distance is c/c 67mm. The green adapter ring, delivered with the box, is used in single-board walls (12-13 mm). The ring is removed when the wall thickness is two boards (24-26 mm). There are five fixed inlets for 16 mm conduits, three are open, and two fixed inlets for 20 mm conduits. All inlets are equipped with a locking device in metal for reliable connection between the conduits (flexi or stiff pipe) and the box. In addition, there are two knock outs on the sides and two in the bottom for different inlets.

Manufactured from halogen free material (IEC/61249-2-21), the box complies with the IEC/EN60670:2005 glow wire test (850 °C).
