

Mounting box

Mounting box for board walls

Typ: AUS15.2

Produkt ID: 2TKA130020G1

GTIN: 6410011523841

The AUS15.2 mounting box is used in buildings that have board walls. The holes are made with a hole saw (diameter 70mm). After the required conduit or cable inlets have been knocked out, the box is inserted in the hole. Turning the screws clockwise tightens the fastener against the board and secures the box in place. Conduits and cables are attached by using inlets that are pushed through from inside the box. Made of halogen free material (IEC/61249-2-21) and fulfills the requirements of the glow wire test according to the standard IEC/EN60670: 2005 (850 °C).

Packning

Förpackning:	50
Enhet:	st

ETIM Data

ETIM Version:	ETIM-9.0
ETIM Class:	EC002601
Mounting method:	Flush mounted (plaster)
Shape:	Round
Construction type:	Device connection box (round/square)
Model:	Single
Provided with revolving ring:	Nej
